

Pôle Concept s.a.
Avenue Paul Hymans,105
B-1200 Bruxelles

To all residents,

Following recent problems with garbage management at your co-ownership, we would like to remind you that you are required to sort your garbage appropriately. As of January 1, 2010 "Bruxelles Propreté" can impose fines for non-compliance.

These fines are addressed directly to the person(s) not having sorted their garbage. Where no individual can be identified, the fine is imposed to the co-ownership as a whole.

We therefore ask all residents to pay particular attention to sorting their garbage

Apart from basic garbage sorting set out in the Annex, we would like to remind you of some further details set out below:

Large objects and building waste

Each resident may request the removal of up to two cubic meters of large items every six months. Simply call 0800 981 81 toll free to arrange a pick up time. Too often, residents resort to the clandestine dumping of large items in the shared areas. In these cases, we must call specialist removal services leading to heavy charges to the co-ownership. In turn, these costs are passed on to each resident via the maintenance charge.

The usage of the free removal service is essential for all of us!

Disposal of glass

In most buildings, you can simply use the glass disposal facilities provided in the streets. Pay attention to put clear glass in the white disposal bin and colored glass in the colored bin. This does not apply in buildings equipped with a single glass disposal point.

Don't forget to remove corks from bottles and lids from jars.

Cooking oil and light bulbs

Cooking oil must never be emptied into sinks or toilets. This frequently leads to blockages with water backing up in the pipes. Cooking oil must also never be disposed of in garbage bags.

When cold, cooking oil must be stored in a suitable recipient.

Oil recipients can be disposed of, along with light bulbs at regional dumps or via PROXY CHIMIK (using "Bruxelles-Propreté" vehicles)

**You can find your closest disposal dump on "Bruxelles-Propreté's" web site:
www.bruxelles-proprete.be or by telephone : 0800 981 81**

Batteries, accumulators and torches

These must be disposed of at BEBAT collection points. There may well be one at your local supermarket.

Drugs

Expired drugs must be returned to your pharmacist.

With our best regards,

The Pole Concept Team
